HYBRID FORMAT ELECTIVE

We are offering an elective course this Fall in hybrid format. A hybrid course combines online learning with a residential session schedule different from the traditional residential courses that meet once a week throughout the trimester. Please read the course description and note the dates the class will meet residentially. Attendance at these residential sessions is mandatory.

CARM/D 6660- Conflict Management in Groups: Overt and Covert Dynamics

Dr. Neil Katz

The purpose of this course is to provide participants with knowledge, skills and attitudes to be effective in groups with an emphasis on analyzing and managing overt and covert conflict. The course also examines issues of communication, leadership, power and authority in relation to group and interpersonal effectiveness. This course enables participants to cope with complex issues as they emerge in the natural life of small groups, large groups and organizations. Learning about group life is gained through direct experience in a temporary learning organization created in the course. The course is designed as a living laboratory where members can experience and explore group life as it occurs.

Mandatory attendance at the Davie campus is required September 25-27, 2017 from 9:00am -5:00pm for the residential part of the hybrid course. Please wait for confirmation on specific times and days before making travel arrangements.
