## **HYBRID FORMAT ELECTIVE**

We are offering two elective courses this Winter in hybrid format. A hybrid format is a course format that combines online learning with a residential session schedule different from the traditional residential courses that meet once a week throughout the trimester. Hybrid formats may include sessions on select weekends or sessions that meet more intensively for one or two weeks. Hybrid formats enable us to offer courses at times that may be more convenient for some students, to bring in visiting professors who may be otherwise occupied during the trimester, and allows some of our distance students to participate in residential classes. Please read the course description and note the dates the class will meet residentially. Attendance at these residential sessions is mandatory.

### **CARM/D 6657 Conflict Coaching Theory and Practice- Dr. McKay**

This course examines the growing use of conflict coaching as a conflict intervention process and introduces different models and related theoretical foundations. The integration of theory and practice will emphasize the various stages including identity framework, narrative, needs assessment, goal setting, and feedback, utilizing a relational and systems orientation. The course develops coaching skills, strategies, and knowledge, and uses a practice-based approach, including role-plays and case studies.

*This class will meet residentially (NSU main campus) on the following dates:*

**January 19 – 6 to 9 PM**

**January 20 – 9 AM to 4 PM**

**February 10 – 9 AM to 4 PM**

**January dates may be done virtually; check with instructor regarding RI dates**

**Please wait for confirmation on specific times and days before making travel arrangements.**

### **CARM/D 6644- Consulting with Leaders of Organizations – Dr. Katz**

Studies clearly show that successful leaders of twenty-first century organizations need to make sense of complex conflict situations before taking action. This course will combine theory and practice to equip students to assist organizational leaders in developing both diagnostic and behavioral sophistication by using multiple frames before taking action. Participants will engage in both classroom learning, on-line assistance, and leadership coaching with a client and organization of their own choosing.

*This class will meet residentially (NSU main campus) on the following dates:*

**February 13–15: 9:00am – 5:00pm**

**Please wait for confirmation on specific times and days before making travel arrangements.**
